*Friendship is a priceless gift
It's value beyond compare*

*The loving hand of a friend
Can spread happiness everywhere*

*A friend is much more
Than someone you just know*

*They are someone you can share
with
They are someone that you love*

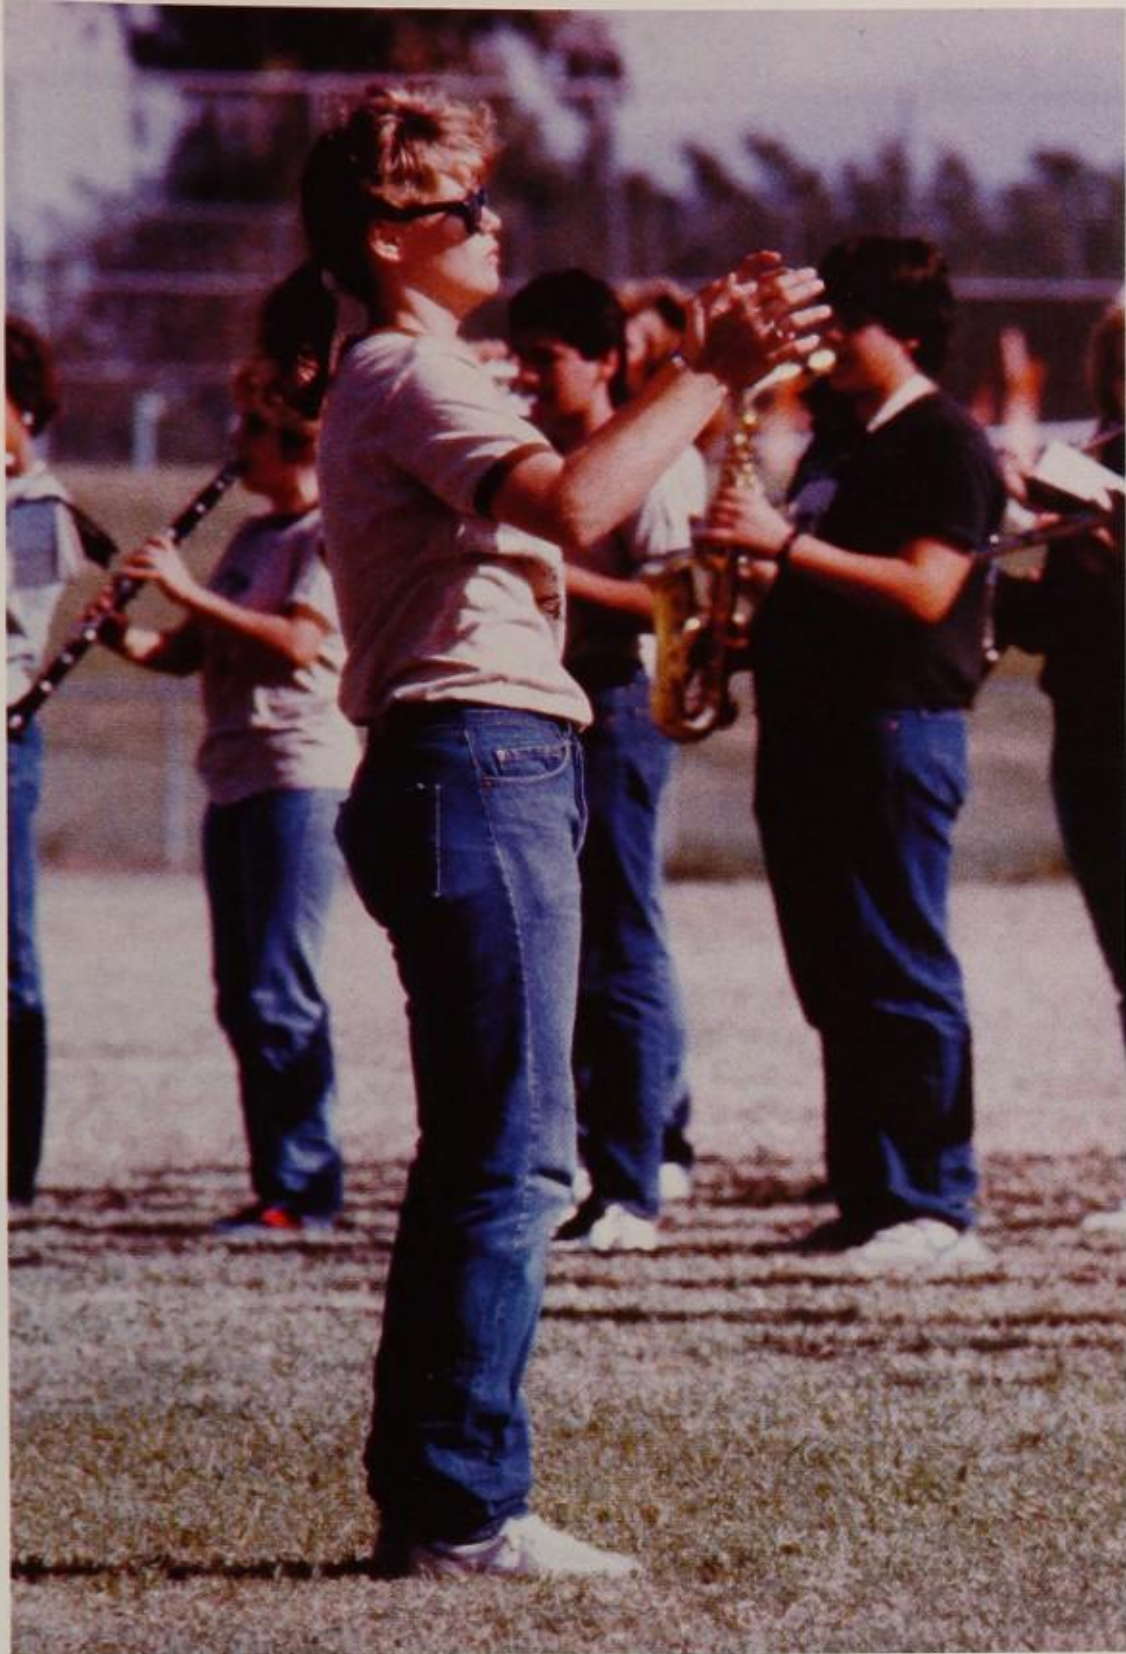

*Whenever you need them
They are always there*

*And the fond memories of
them you treasure
Will remain in your heart
and mind forever*

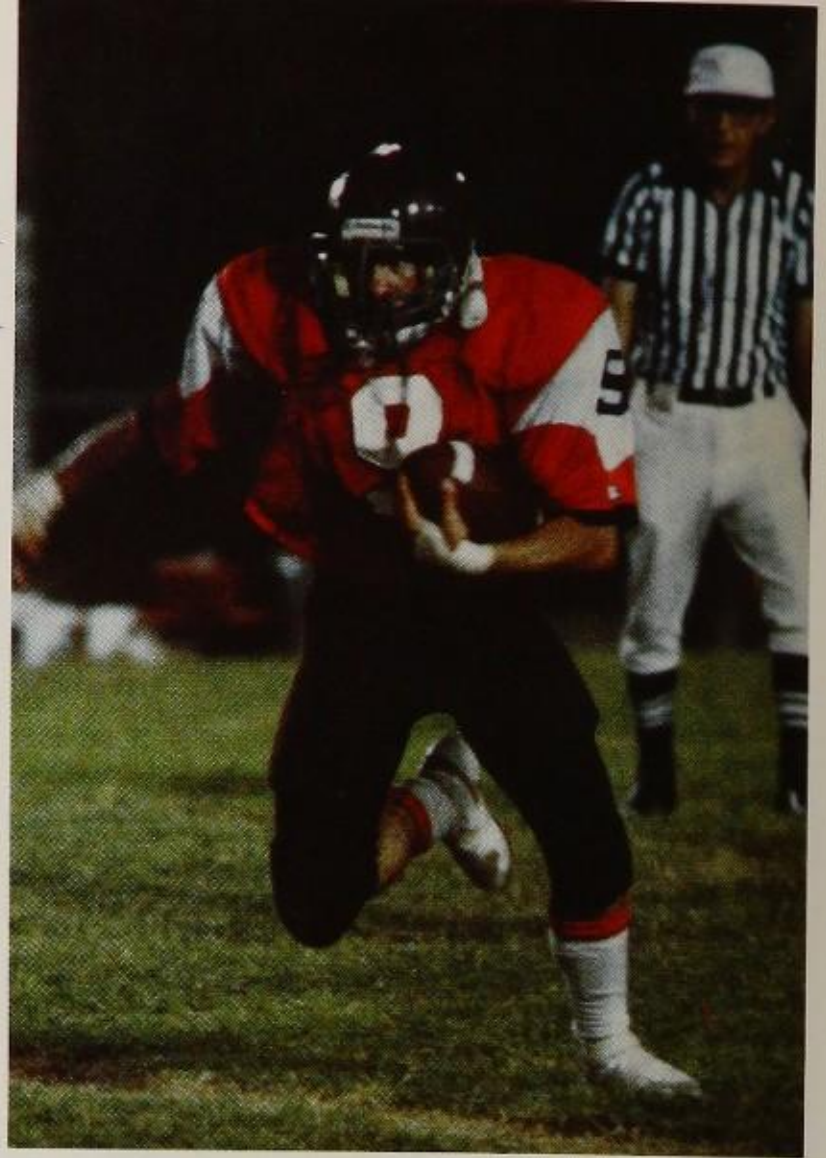

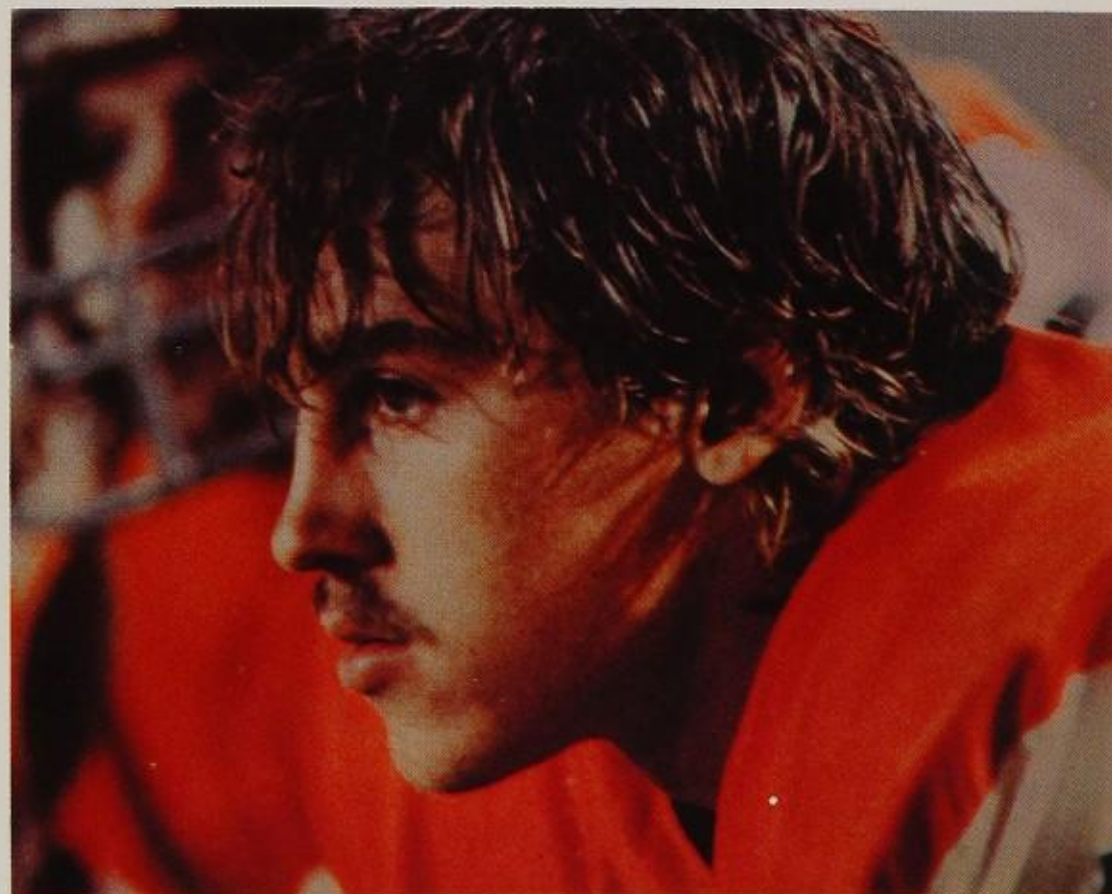

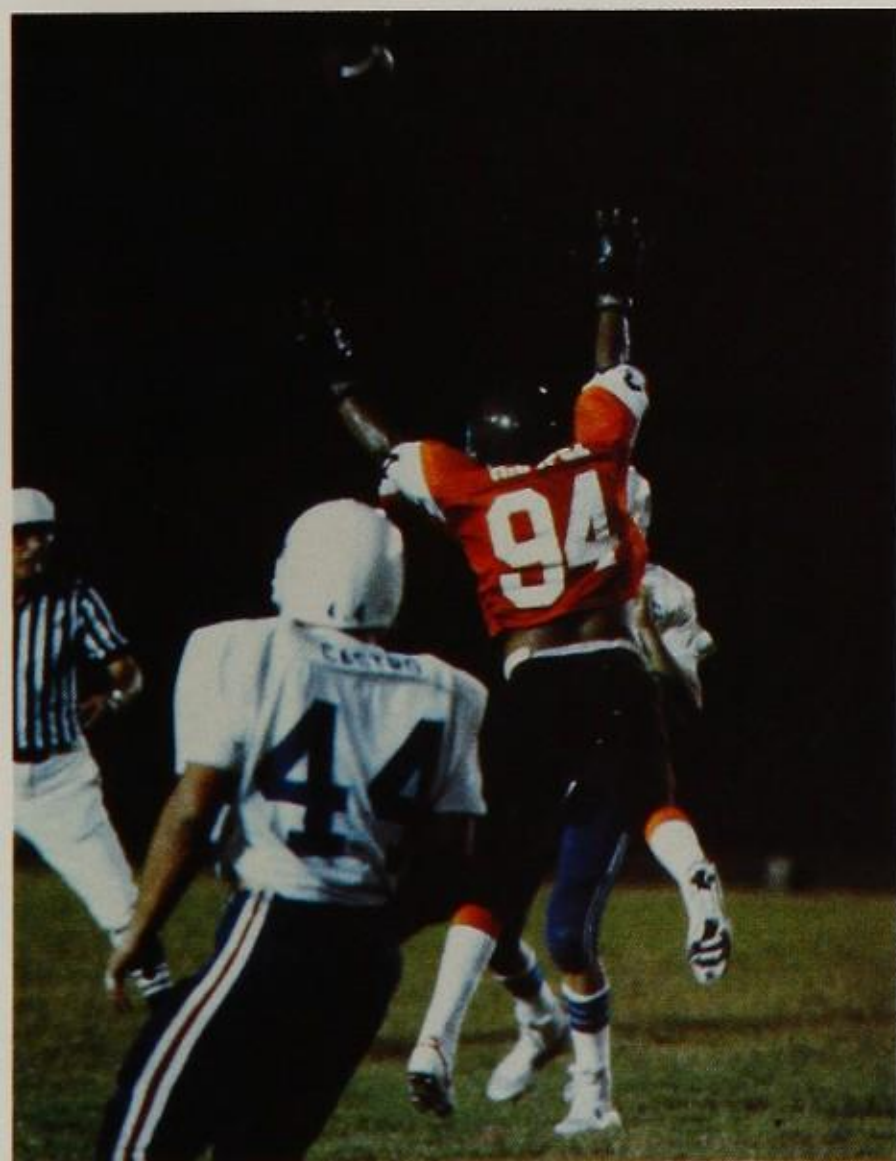

Who's up? You had to be the worst platoon
 leader I have ever seen. But, who actually
 cares about ROTC. So have fun at wherever
 you do e.s. college, working or just going hss or
"Denty Mo" or hole. It was really a fun year.
 and I had a blast-like ditch day. So have
 fun and a great life.

See you,

Anthony
 #32

Though a time might come for parting
 There is no reason to despair
 If you ever need them
 Nothing in the world will ever
 prevent them from being there

Senior Wills

I Theresa Pease being of hollow mind & body hereby write my will. I leave my admiration and unknown skill to Dennis, who knows it all. I leave all my gossip to Heather who liked to listen to anything I had to say. To Jamie who can't be nice, I leave you my silence. To Steve who never said anything worth listening to - I leave space. To Keith, who is always trying to get a buzz out of electricity, I leave my hands. To George, I leave all my notes. To my brother, I leave all my pains. To Renee, I leave my years of friendship. To Julie, I leave this will to do as she pleases. And to Drew you lucky dog! And to Mr. Harkins and Mr. Ranshaw Watch out world!!!

I, Patricia A. Fipps, having now been committed to the famous Bellview: Home for the mentally Disturbed, now do I put down my final will and testimony in print. Though I have little to leave behind, I would like to give the few things I have to those that follow: To Mr. Hermanek I leave the pictures I took of the Close-Up group, even though you will probably never get around to hanging them up. At least not for three of four years. To Mrs. Ranck and the newspaper staff, I would like to leave several copies of The Little Browne Bear, of course he will be a sophomore next year. To Anite Ray I would like to leave a word of praise for the job she did on the JROTC paper and a suggestion that she come to room with me (for the sake of society). To those teachers I have had throughout these years at Trevor G. Browne, I leave the pleasant idea that they will never see me again. So long T.G.B. (I may even miss you, but I doubt it)!

I, Clinton Hunton, once being of sound mind, do hereby officially bid my deepest and most vivacious farewells to Trevor Browne High. Throughout my four year tenure here, I have made quite a few friends and I wish them all a magnificent future. I sincerely hope that my memory will linger upon all those whom I have had the privilege to associate with. Before my departure I should like to leave a few emblems of my lives at Trevor Browne. First, to Mr. Hjalmarson I leave a rare product of my years in photography, my famous Killer Bunny pics. Second, I leave to Mrs. Sacco (pronounced "merse") a copy of Donna Fipps' "She Eats The Bed and Barfs It Up; An Ode to Karen Carpenter." I know how much you enjoyed this lovely poem. To Mr. Nunez, who I know can't forget those wonderful mornings I would say something really stupid and just make your day. To you I leave drawing of the burlap hanging from the ceiling in your room. To all the other teachers I've had, all I can say is thanks for getting me closer and closer to graduation. Unfortunately I am leaving my coat and scarf behind as well. These I leave to Cindy and Kevin (so you two can fight over who gets what). Of course I'm not going to clean out the pockets, I'll leave that to you. Well, Good-bye everyone and watch out for the cafeteria food (some day it'll get ya). Just as a final reminder to everyone, YOU HAVE NOT HEARD THE END OF MY SCARF!

To All my teachers I leave these last words of warning:

From out of nowhere came nothing
From out of something came more
From out of everything came all that there is
And from this time
I will come
No more

John Nehrbass

I, Danny Ashlock, being of fastidious mind and no body do hereby leave to Chad, Steve, Jim, Debbie and Ken the job of keeping Thespians and the Speech Team (this includes Miss T.) alive and prosperous. To my sister, Jeni, I leave my ability to get good grades and to stay active on campus. To Ginger, I leave my ability to leave football game 5 minutes early without having coronary arrest. To Gavin, I leave the honor of carrying on the Jr. Fogger Tradition and an apprenticeship as a Fogger, Ph.d. To Darrel, I leave my ability to run off at the mouth (not legs), you'll need my verbosity as a senior. To Wanda, many thanks for helping me through the year in Computer Math. To Kathy Wood, I leave the ability to keep Ginger in line and please, don't let her be a bratt. To Steve Erno, I leave you the hope that someday you'll be able to live without Cathy, Bobbie and I. To Leslie and Annette, thanks for all the support you've given Bobbie and I. To Erik, many fond memories of our friendship will always be with me. To Cathy - remember Bah, Bah Black Sheep? We do! Lopsided? Thanks for your warm and wonderful friendship! To Chris, I leave more self-confidence! Do as you please! Thanks for your advice and friendship throughout the past six years! And finally, To Bobbie, my love, thanks a million to the many quarters, pennies and moments we've shared! We'll always be together especially in our hearts! I love you!

Austa Trevor Browne

I, Chris Pirkey, Being of unsound mind and body, do hereby will: To Tim and Deb, all the great times I've had, have fun in high school! To Joel Muller, lots of love and mucho thanks for being my best buddy! To Cathy Watters, I Leave some stock in a silacone plant, use it well! Try to remember Bobbie Sue and I at N.A.U., we'll miss you!! To Bobbie Sue, I leave anti-burping pills for you-know-who. I also leave some of the best times we've had, and thank you for being a charter member in the Jr. Foggers!! To Daniel, I leave some green M&M's, new ears, (they've probably fallen off listening to all of my problems) and all the cheetos and other assorted things that were down my shirt. You and Bobbie and Cathy mean lots to me. To Darrel Elkins, I leave a Sesame Street coloring book, a sweater in case someone forgets to close the window (we won't mention who) lots of ice, and whatever is on your shirt. I'll miss you, don't forget me!! I love ya! To Gavin (how do you spell your name?) I leave a membership in the Jr. Foggers and a Ph.d., instructions that says "tigers suck" and lots of love. Keep Darrel in line for me! To Joe Bob Briggs, I leave the ability to listen to your heart. (go get 'em tigers) I also leave an awesome time your senior year. Have fun!! To Debbie Leonard, I leave all the fun we had listening to each other's problems, all the ice fights at lunch, and lots of love. I'll miss you lots, see you at N.A.U. To Mrs. Ranck, I leave a very big thank you, you helped me and guided me through our trying times in Bear Facts. Thank you!! To Mrs. Hall, thanks for all. A big thanks for all of the football games, the fun times at McDonalds, the movies, everything. I hope you all get everything out of life you want. I love you all!! Finally, to John Shaffer, I leave a copy of 'Sailing,' SanDiego, and all the time we had together, and at long last, my best wishes. Have a good life!!! Last but not least, I leave behind a great four years!!!

Hey Baby,
I love you all,
Chris Pirkey

with undefeated regular season

This years Varsity Boys Cross Country team was the most unique team around. It was a team of true champions.

Coming into the season with a losing background, Trevor Browne came out of its shell and surprised the Metro Division. They defeated teams that Browne had never beaten before.

The team finished with the best record in their division; 19-0, a new school record for the most wins in a season. The boys redefined the word "champion." It's not just

to be number "1" but to also help each other to achieve the honor of being number 1. The team did just that by winning the Metro Divisional Meet.

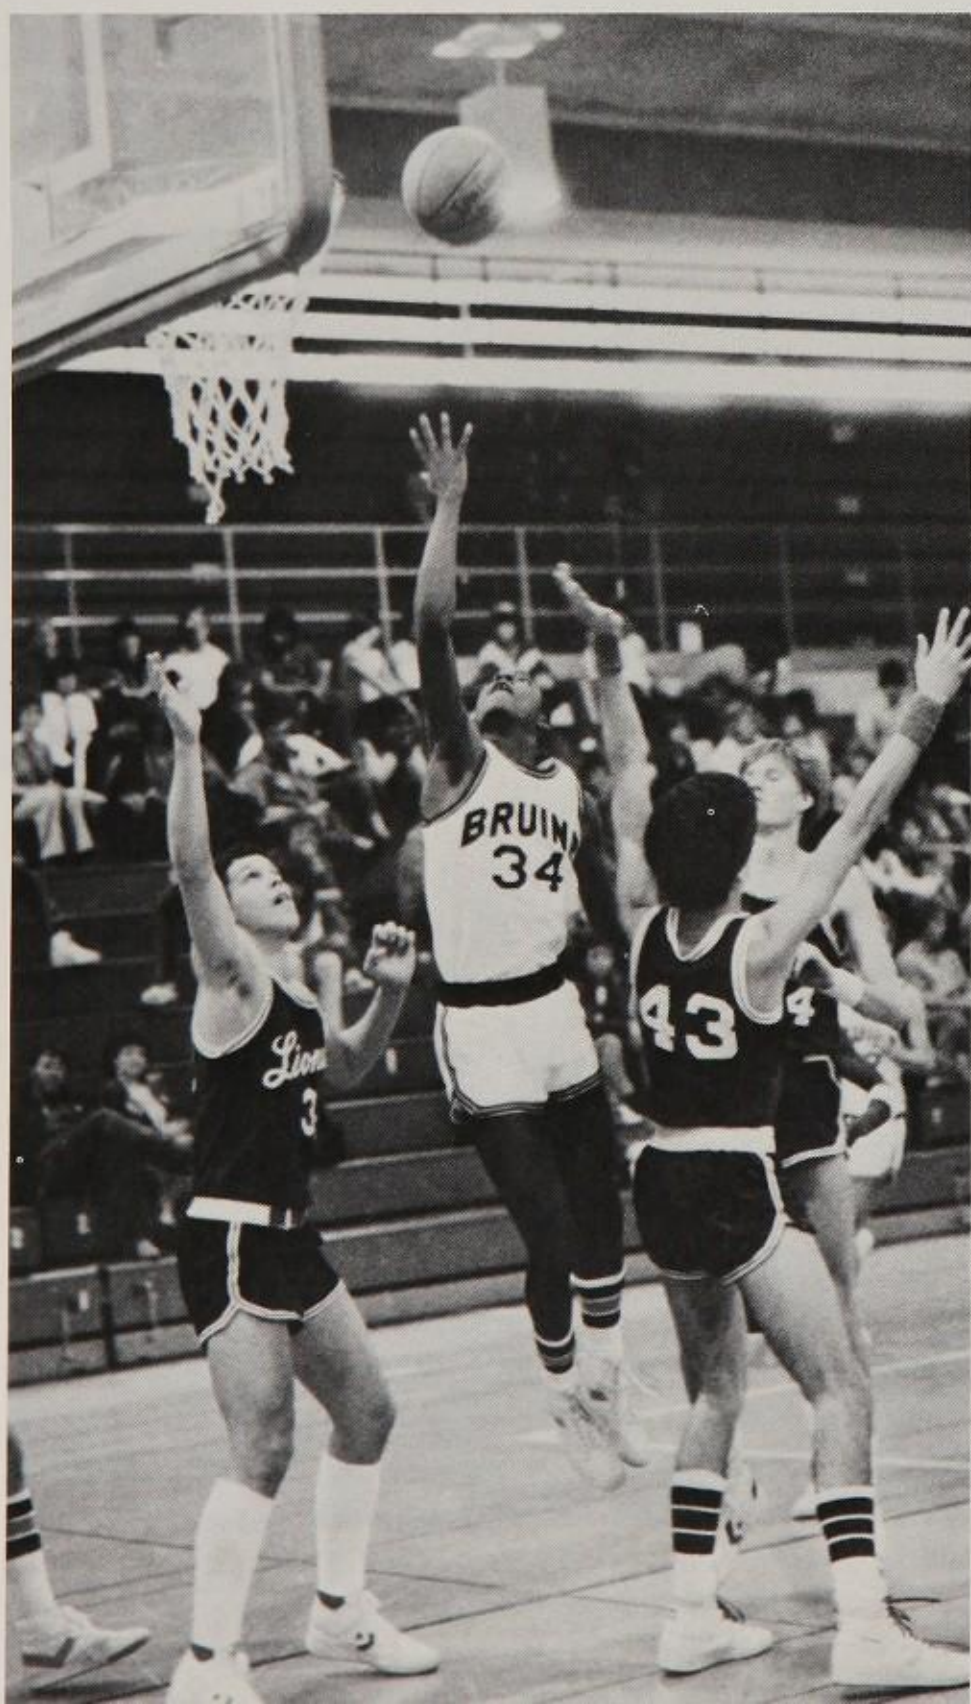

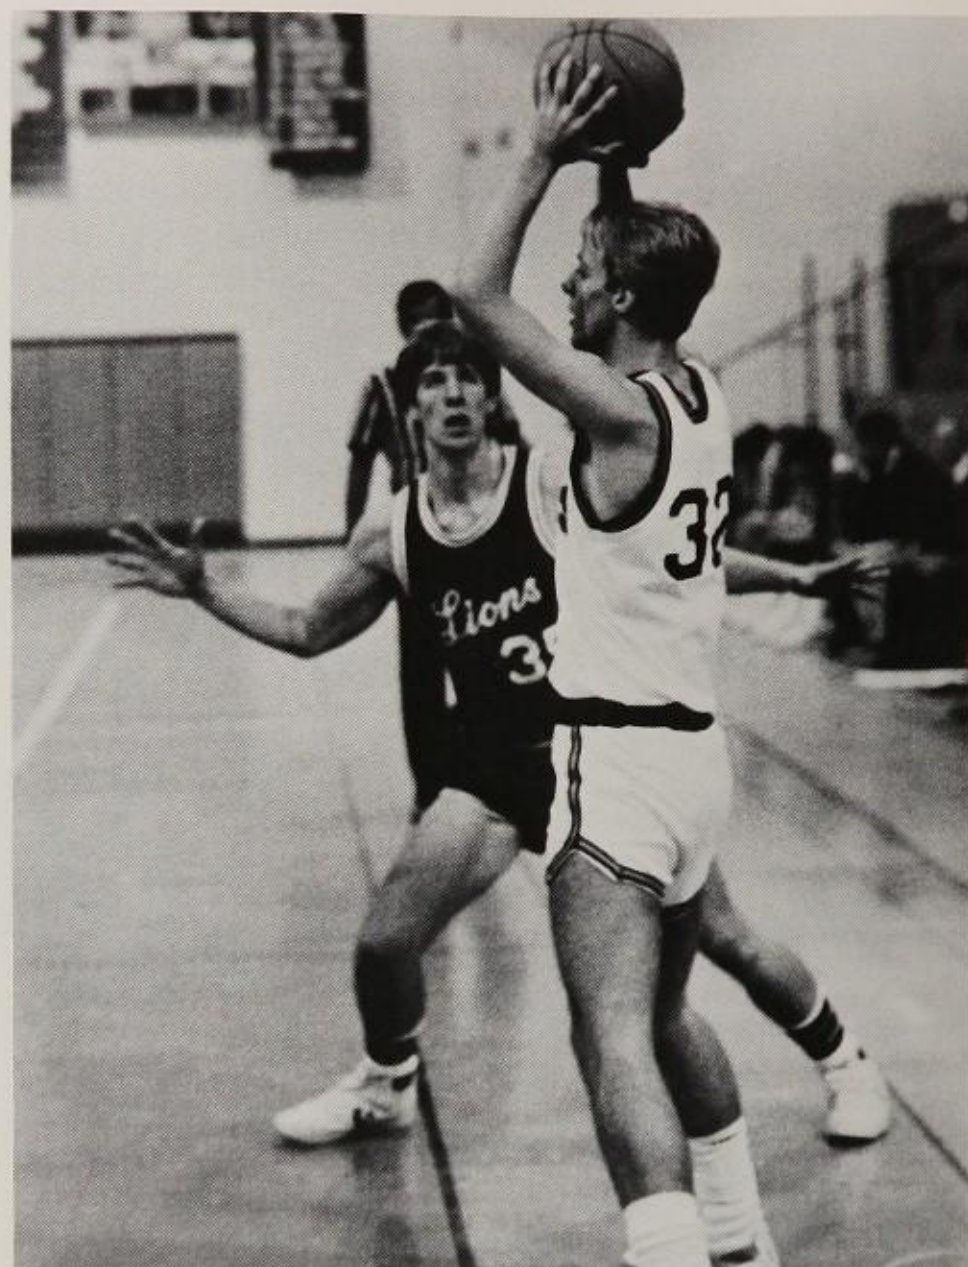

Senior Edward Barajas and Sophomore Daniel Orta were picked for the **1st** Team all league Metro Division and Senior Toby Campbell made the **2nd** Team.

At the State Cross Country meet, Browne placed **6th** the highest place ever by a Bruin Cross Country Team.

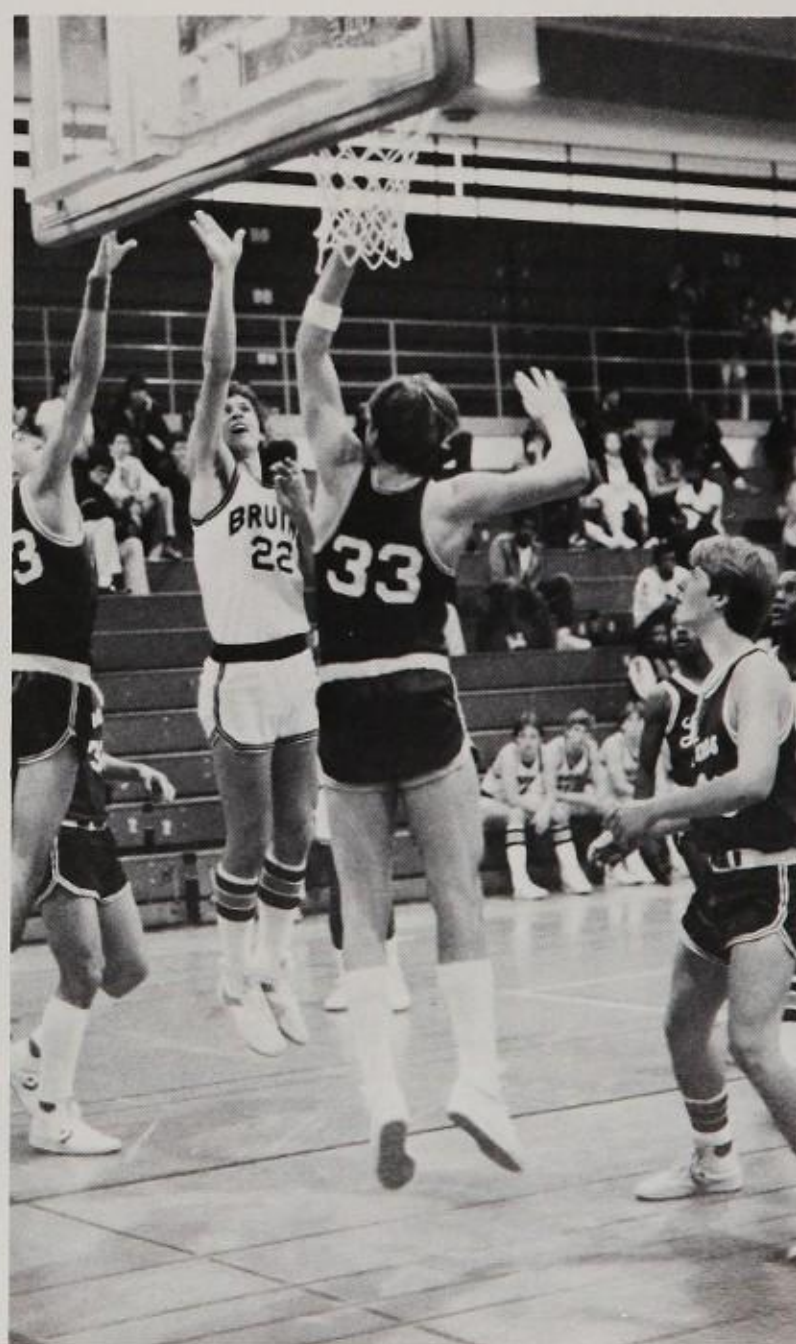

Orta was also named to the 1984-85 class "AAA" All State Cross Country Team. He finished **18th** overall.

'David and Lisa' presents

"David and Lisa" is a play about a group of mentally disturbed adolescents. The main focus, however, is on David, who is tortured by his mania against being touched; and Lisa, who has developed a split personality. The play follows the students through the course of one term at Berkley School. With laughter, heart-break, and suspense we are told a story about problems that are unfamiliar to most of us.

Bats in the Belfry

Bats in the Belfry, the Spring comedy, followed the 100th Anniversary of the Ogilby Conservatory of Music for Young Ladies. The teachers of the institute planned a quiet evening dedicated to music and tranquility, or so they thought. The teachers invisible friend, Mr. Ogilby, materialized and changed their niece, Pamela, into an invisible cat. Mr. Ogilby prepared Pamela's finance, Oliver, as a sacrifice for the devil. In the meantime, the teachers prepare a murder of their own. Teenieboppers, a reverend, and a former student are just innocent bystanders and in the end all's well.

Seventh trip to playoffs

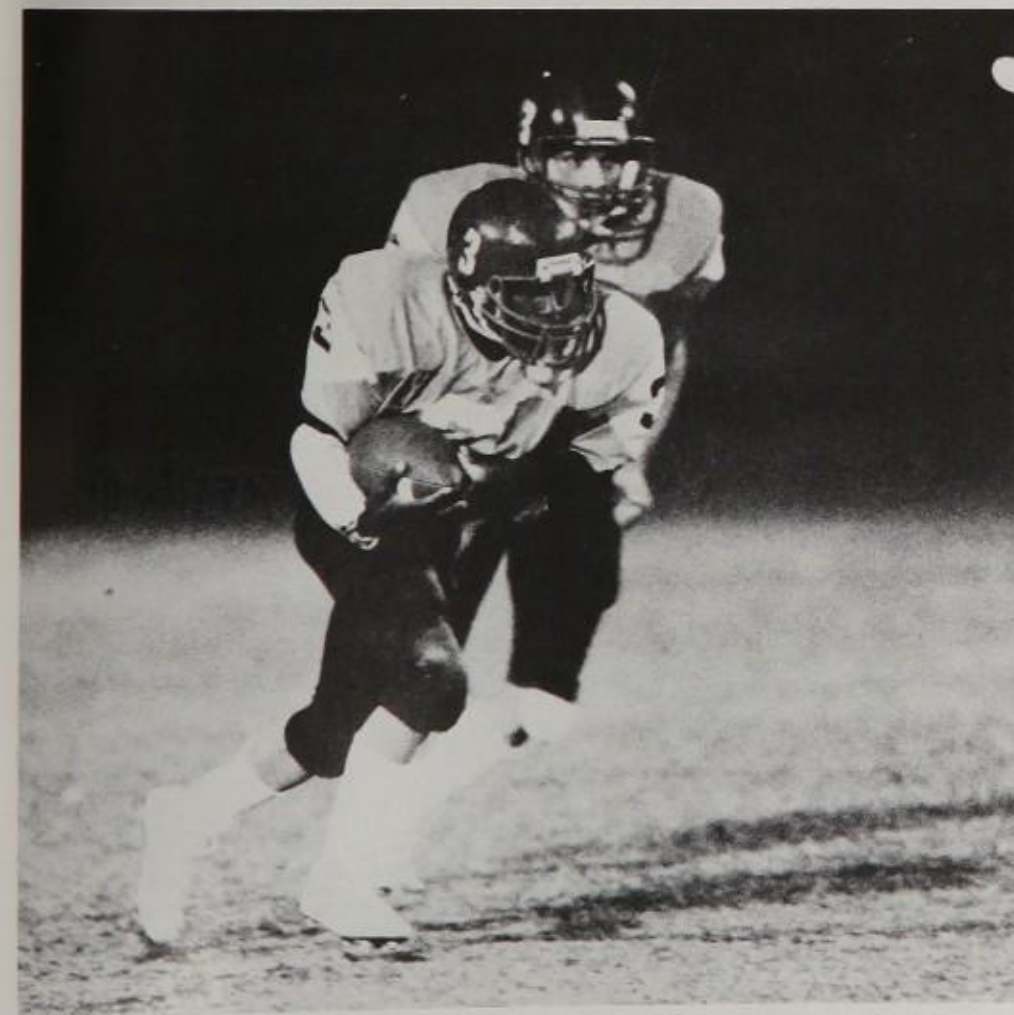

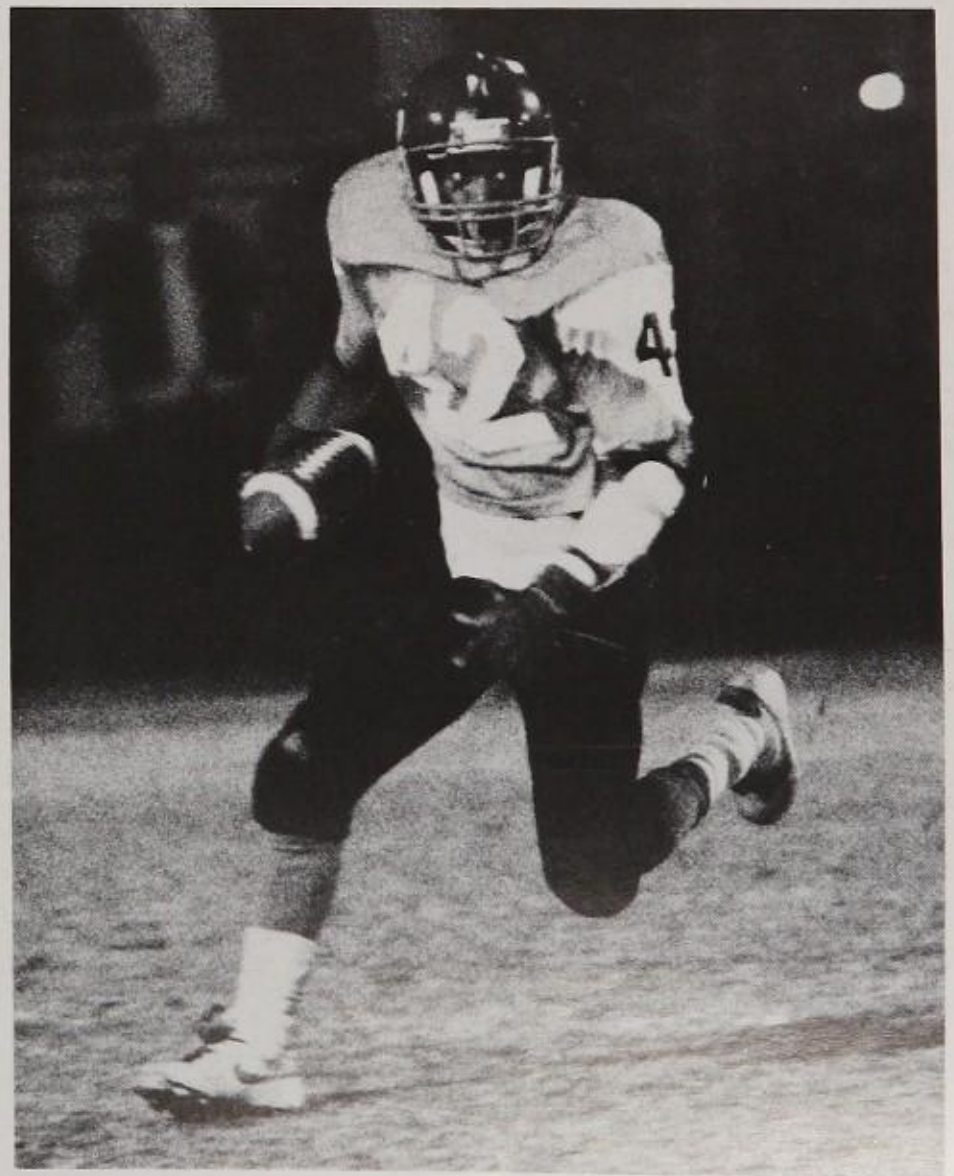

Trevor Browne failed to advance to the first round of the state playoffs for the first time in five years, when they lost to the Tolleson Wolverines in a Metro Division Playoff game.

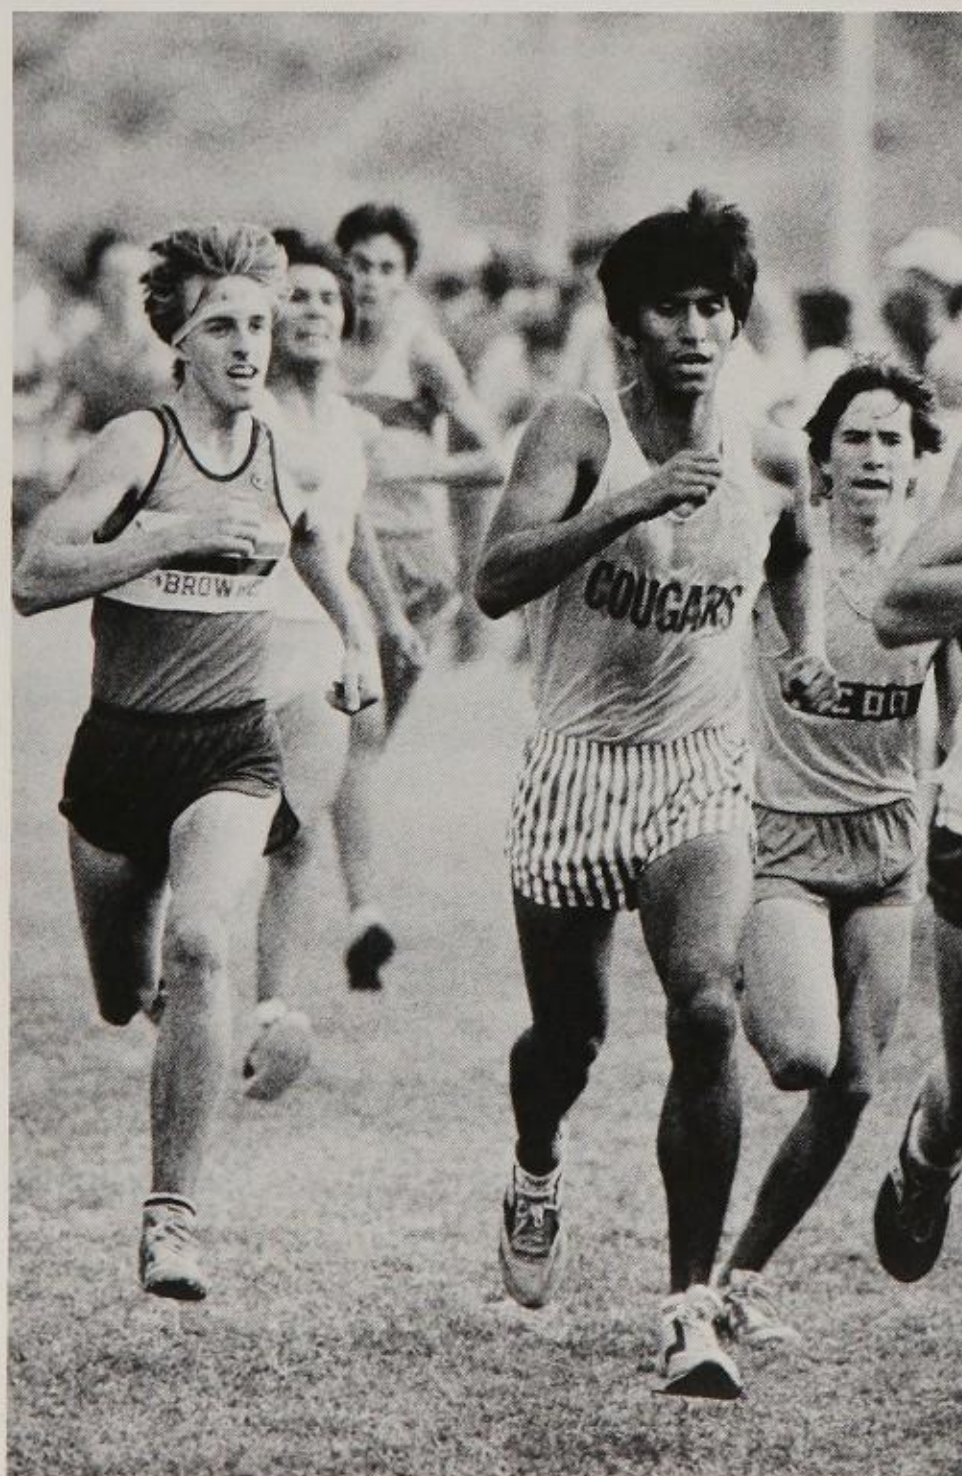

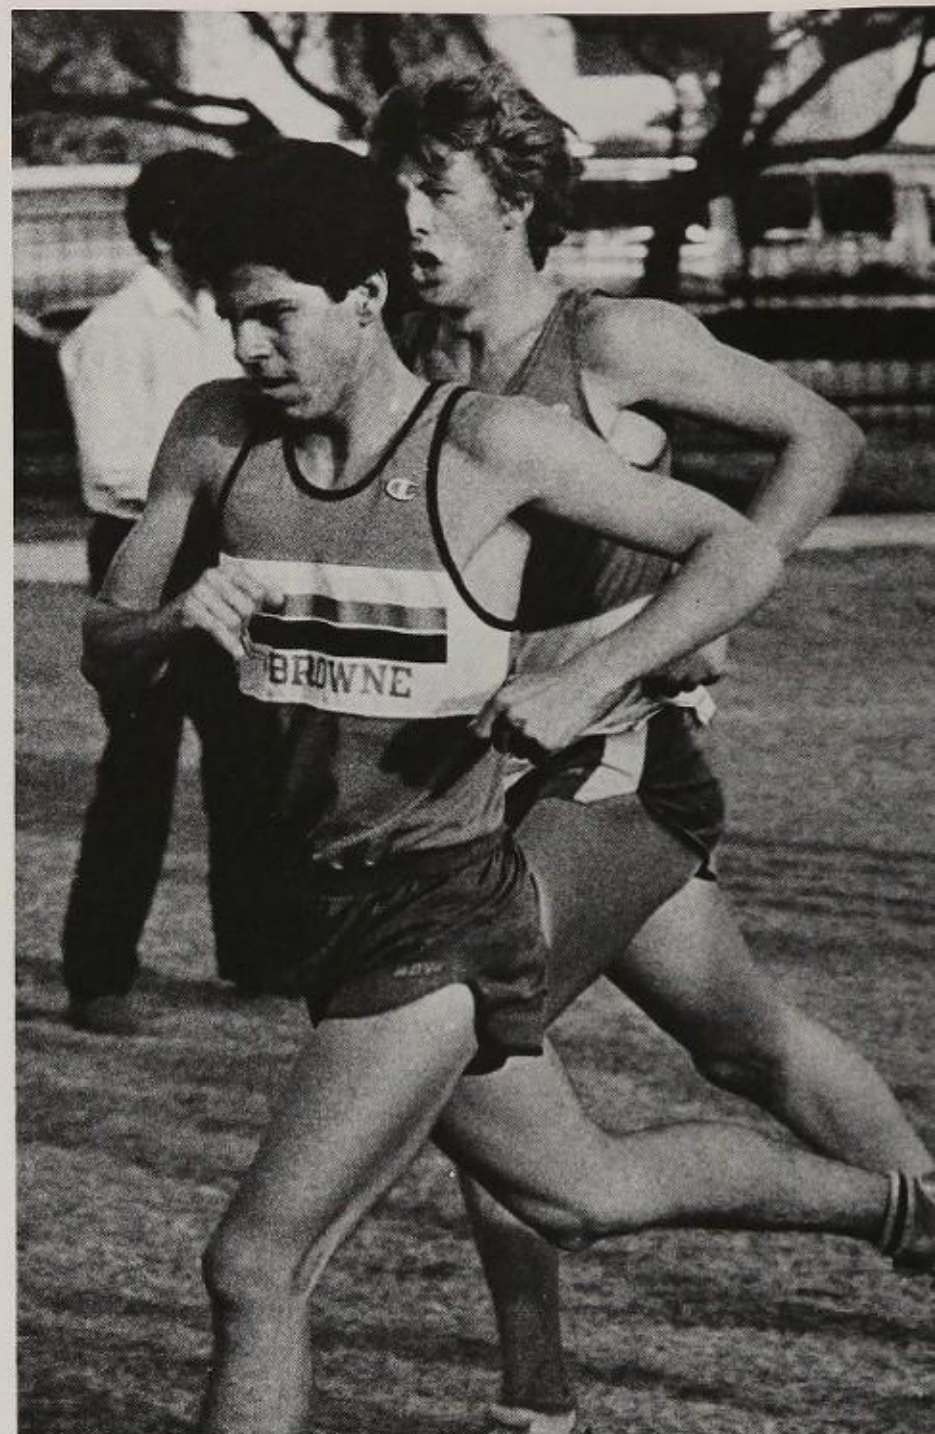

Tolleson led 24-10, with 3:13 left in the game when Van Aldridge returned a kickoff 50 yards to give Browne a first and ten on the Tolleson 41. On the first play from scrimmage Eddie Head threw his first pass of the game. The ball was nearly intercepted but fell through the hands of the Wolverines defensive back, and into the grasp of Bruin receiver Kent Lavine for a touchdown. Robert Madril's extra point attempt failed and the Wolverines led 24-16.

Browne's successful outside kick gave them possession on the Tolleson 47 with 2:23 left. Aldridge ran for 3 yards, but Head's three pass attempts proved unsuccessful as time ran out.

This year the Choir experienced growth and more talent through the many performances throughout the year. The Christmas Concert was very successful for them. The Choir raises money for their expenses that the concerts bring. A special fund raiser was held so that they could buy new robes. They held car washes and bake sales.

The Choir was off to a slow start because of the many beginners and freshmen who joined at the beginning of the year. But, as time went by, their unity was strengthened.

This year is the first year for the Trevor Browne Computer Club. The club is open to the whole school. Both students and teachers are welcome. One of the objectives of the club is to help the school with computer related problems. The club has had a lot of uphill climbs. Students in the club can get together and discuss computer equipment or programs, contact club members. Since the club is in its infancy, all ideas are welcome. A big problem for the club to overcome was the wide range of computers the students have. The problem was solved, students that have the same computer joined together and formed a small group for that computer. The individual clubs represented are: Apple, Atari, Commodore, IBM, Texas Instruments, and Radio Shack.

Powder Puffs not

This year the junior and senior girls of Trevor Browne tried something new. They put on pads and jerseys and played a game of football. The cost to watch the game was three cans of food or one dollar. DECA, who put on the powder puff game, gave the proceeds to Westside Foodbank to help the needy.

Like all football games there were cheerleaders. Some of the guys "squeezed" into the cheerleaders' outfits and cheered them on.

The junior girls scored a touchdown in the third quarter winning the game 6-0.

The **Bear Facts**, one of the student publications on campus, is aimed at keeping the student body informed about events happening at school and in the community. The staff was responsible for typesetting, photography, layout and advertising as well as reporting. This year, the newspaper was combined with the Journalism class due to budget problems. The situation created a lot of challenges, but none too serious to resolve.

Moten provides special care

At Trevor G. Browne, one of our primary goals is to strive to see that every student experiences success. We are talking about the kind of success that each individual stakes out for himself/herself. It won't necessarily be easy, but it will be rewarding. Each one of us must keep focusing on that wonderful challenge.

As time advances and we are bombarded with change, we need to constantly re-examine our definition of personal success. What is our place in the scheme of things? We must develop the flexibility to reorganize our skills in response to occupational and societal change. We must learn the skills necessary for successful functioning in the 1980's to the year 2000. Futuristic predictions about the age of technology suggests that the school must make a substantive impact on helping students succeed in their future. The school's efforts must be matched by the individual student who, after all, will be the beneficiary to that future.

Booker T. Washington has said it so well: "I have learned that success is to be measured not so much by the position that one has reached, as by the obstacles which he has overcome while trying to succeed." With the will to do, and the motivation to persevere, no limit can be placed on a person's achievement of success.

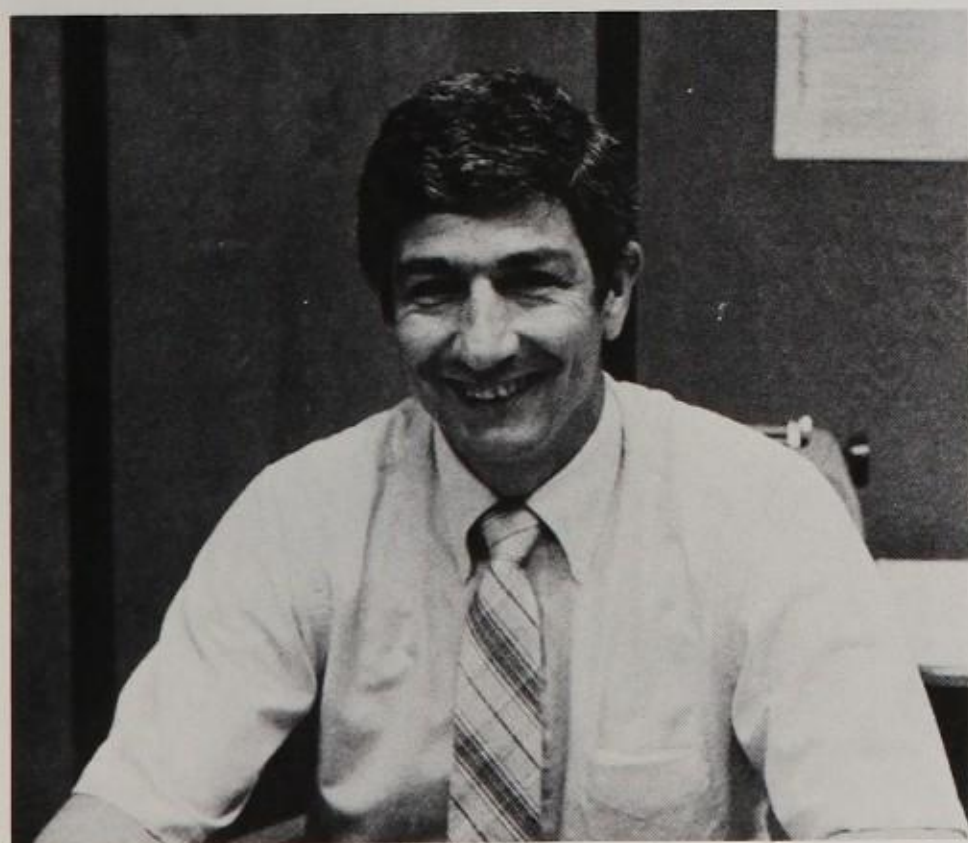

My second year at Trevor Browne continues to impress upon me the quality of our students, and the dedication of our staff. Our high school continues to bring out the best in our students. I would wish our seniors good luck in their new beginnings; and our continuing students the best in their remaining years at TGBHS.

Philip M. Berra

These words are primarily for the graduates. We started together in '81 and hopefully, your four years at Browne have been as enjoyable as mine! As you continue on with your endeavors (college or employment) take advantage of the available opportunities to improve your skills. To our other students- improve your skills!

Jerome C. Siegel

When I was asked to speak about Trevor Browne High, I relished the opportunity to do so. After an absence of four years, I am pleased to be back, working in a place that has so many positively motivated students and adults.

With respect to the adults in every area of campus life, I feel that I am part of a well organized team effort trying to do many beneficial activities for the enhancement of student's social and academic achievements. I have discovered that the adults here are not afraid to give that extra effort and support that makes T.G.B. an enjoyable place to be. Each adult has been supportive of the other and realizes the importance of a team concept in education.

To the students, I have witnessed a variety of positive and exemplary activities (built from hard work) in and out of the classroom, that produces the intangible "Bruin Spirit" and "Bruin Pride" that just isn't found in other schools.

Congratulations, keep up the good work. I am super glad to be home.

While offering students different alternatives, they also allow students to further develop their writing ability.

This year the English Department had student teachers. Dave Pittman, from Indiana State University, and Bill Kilpatrick, from University of Wisconsin, they both assisted Mr. Hanley and Mr. Bishop for ten weeks. It was an interesting experiment for both students and teachers.

May the memory I bestow upon you all be treasured for many years to come.

Finally, to Joanne Miranda, Tilda Becerra, Mike Cash, Bill Sjoquist, Jody Thompson and all my other high school friends I leave behind a whole lot of good times we've had together for the last few years, and a special message I'd like to share with you.

It is finally over

Well that was it, my first and final attempt to produce a yearbook. I hope a good majority of you like it. I had hoped for a good product. I will let it be known that this is the first year that seniors were in color.

I have learned a lot of things this year. The first of which is not to ever do this again, that is be the editor of a yearbook when nobody on staff knows what to do but complain. The second would be if you want something done do it yourself, and the last would be don't waste your time when you have a deadline to meet.

I must appologize to all of the people who had their pictures taken more than once, because we had lost or misplaced the negatives. Maybe Clinton will now find all of the ones he and I lost. To all the people whose names are spelled wrong give me a break it was my first year as editor. To all the seniors whose pictures did not appear, it is your own fault that you did not get it taken here. And I appologize to all those teachers who did not want their picture taken, but did not have a choice, (maybe they don't realize it's there).

I want to thank some of the people from the TGB Yearbook alumni. My very special thanks to Scott Williams, for getting me this job of editor and making me keep it. I want to thank Paul Boyer for being there when I needed him, to stay and print all night or go to the Guild (and isn't that picture there on the right a real dream). And to give credit where credit is due to Robert Sertich, (who people still think is the editor), what should I say

except thank you so very much for teaching me photography, (yes it is true that I have never had a Photo class or taken any pictures before last September), for printing the color section, for all of yearbook pages strung throughout your house, for all the times you told me what to do and I would do otherwise and in the end you would be right, and thank you for everything else that you did but I did not mention. I only hope this book is up to par with your first yearbook.

To all the people on yearbook staff thanks for doing what you did, (I guess you did serve some purpose maybe I overlooked it). To Leslie Lynch, thank you for everything that you did especially for putting up with my deadline moods. To Clinton Hunton, thanks for losing so many negatives and after losing them re-shooting them for the third time. I have to give a special thanks to Hjalmarson for putting up with me when I did not care about meeting the deadline and my big spending.

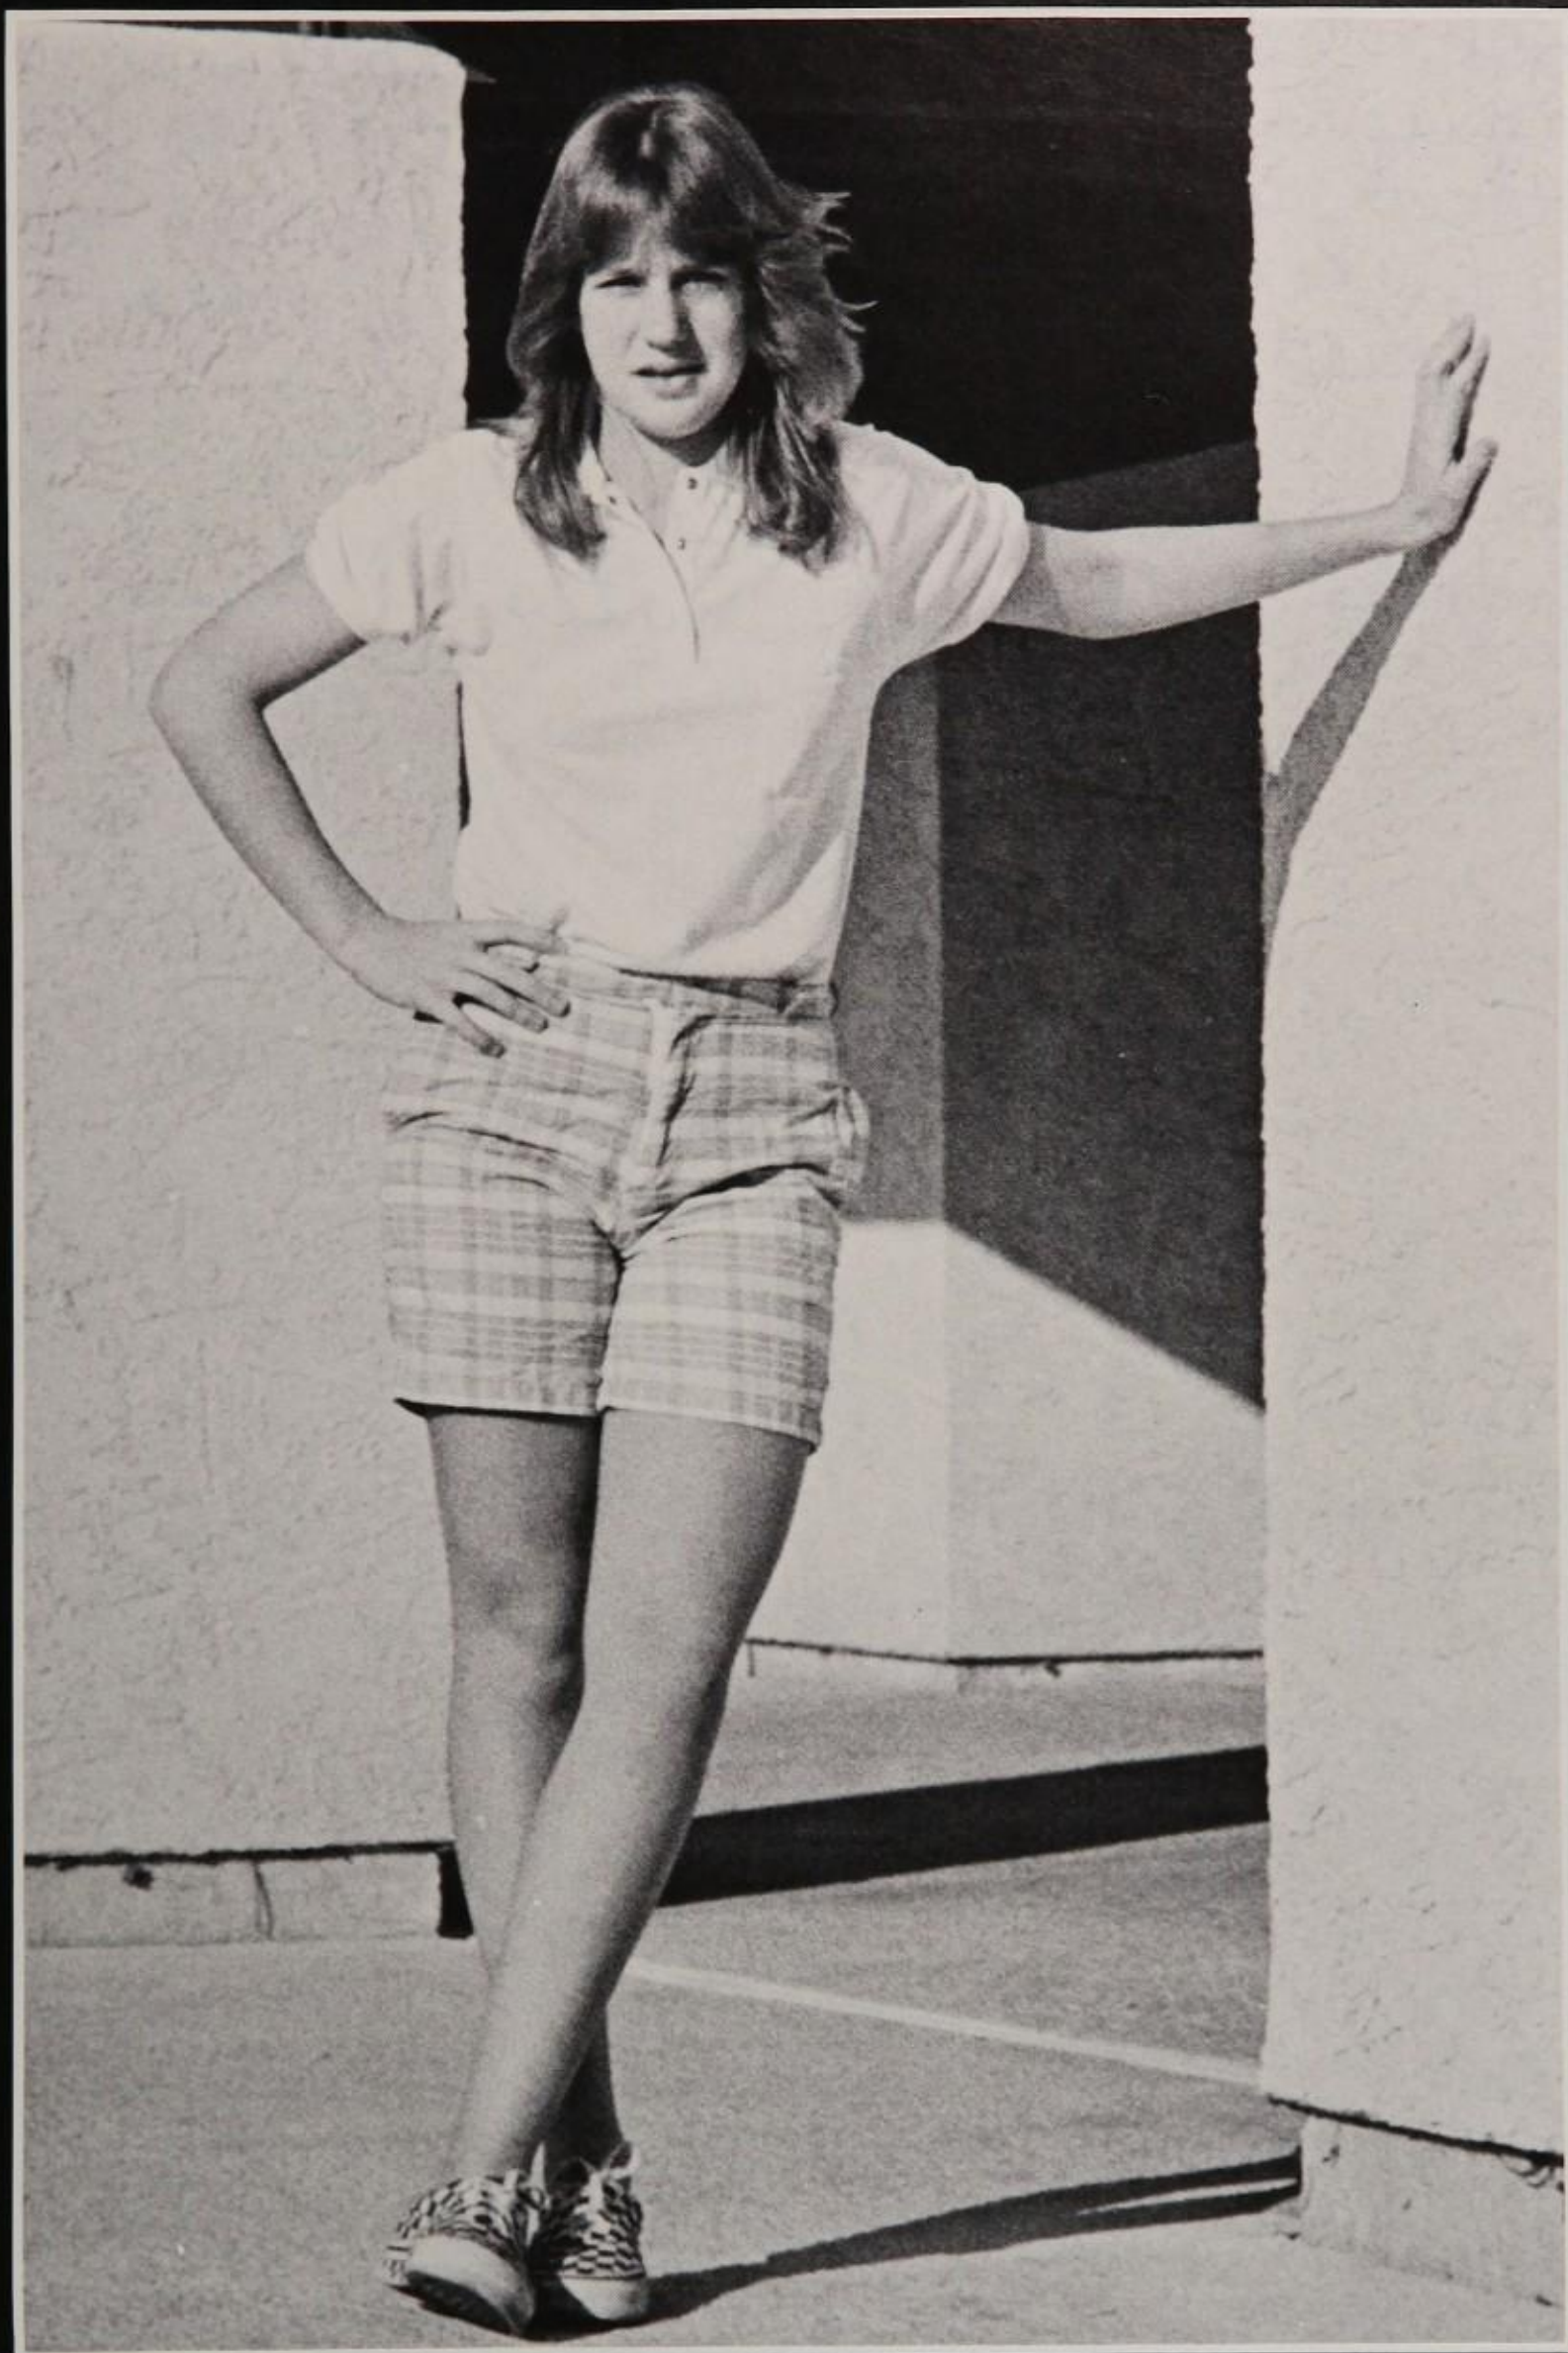

The last thing I want to do is thank all of my family for all the love and support that they have given me this year. Thank you so very much.

Well I think that is all I have to say so here it is: I QUIT!!!!

Editor-in-Chief

I don't think I would have ever known you if Mr. Evan-stock wouldn't have moved you over to our section of the class. We had lots of fun bombarding Murray and Jim with paper wads all year long! I was such a bad shot. I don't think I ever hit them!). I enjoyed analysis all the more because every person in our class had their own unique personality. Well, have a great summer and try to be happy in your future.

Lee,
Well it's been an awesome year. I hope you have a good summer. Your truck is pretty cool, someday I'll have one like it. Stay cool and remember "85" is live.

John Clement

Lee,
Too bad we never really got the chance to party this year. I was too worried about my grade in math (a low F...) and you were too worried about your next squeaky... Of course, 69 can be great, but from my experience, not in the back of a Chevy unless she's short and you're "flexible". Oh well. Knock yourself out in college and don't leave a "bad taste" in some girls mouth. Life can be great! I always say; "Roll until your rocks fall off!"

Catch you later,
Jeff Solimena

P.S. How did we get into N.H.S.?!

Lee,
We had a kick ass year. Analysis was cool at times when we messed around even though Mr E always dogged me. We must go to this summer. Enjoy your truck and remember. OK, but 73 Firebirds are the ultimate.
